

## FRAGRANCE SPECIALIST OF THE YEAR

*Fliz Cosmetics*

Fliz Cosmetics offers an exceptional range of fragrances, boasting Grade A oils sourced from the perfumery heartland of France. At the core of Fliz's offerings are their exquisite oil-based perfumes, which showcase the brand's dedication to quality. These fragrances exhibit remarkable longevity, capable of lasting up to an impressive 24 hours, although individual results may vary based on factors such as body reaction, medication and sporting activities. Fliz also presents a meticulously curated selection of internationally renowned scents exuding sophistication and allure. These are offered in 30ml bottles for ladies and 50ml for gentlemen.

The judges were particularly impressed by the commitment to quality provided by the Johannesburg-based cosmetics company. Its incredible selection includes some of the most sought-after fragrances on the market, from the timeless allure of Armani Black Code to the bold notes of Angel, Black XS and Dior for the ladies. Fliz Cosmetics offers a range that caters to a diverse array of tastes, but also provides an opportunity for driven and motivated agents and distributors to join its ranks. For those looking to boost or supplement their income, this is an exciting prospect to align with a brand poised for success in the fragrance industry.
